PRICE TWO CENTS

TO PROCEED WITH THE WELL SYSTEM

Council Decides to Follow Recommendations of the Commission; Ask More Specific Order

TAX RATE TO BE 21 MILLS

Budget as Presented by City Comptroller Fries Unanimously Adopted Last Evening

After more than an hour's verbal warfare, during which time the fight almost touched the personal stage, the council, by a vote of 13 to 8, decided to continue with the installation of the well system as originally planned and as was recommended by the railroad commission of Wisconsin. A resolution was passed, however, asking the commission to issue a more specific order in the La Crosse case.

It had been rumored that Alderman William Torrance, one of the leading anti-wellists was prepared to "spring a bomb" in the nature of a declaration that the commission had never issued an order to the city of La Crosse and the fuse was touched off within three minutes after the meeting was started.

Torrance's speech was in reality an attack on the rate commission and expert engineer, A. T. Maltby. He declared that the tests of the commission's expert, Prof. Charles E. Slichter were inadequate, as City Engineer George Bradish maintained in his report, and insisted that Maltby's investigation had been nothing more than a "verification" of Slichter's report.

Torrance maintained that when Maltby was hired—and that was a quiet affair all by itself on Eagle bluff—he was impressed with the understanding that he was to make a thorough and rigid investigation both as to quality and quantity of water.

"The council had no confidence in the commission's test," declared Torrance, "so we hired Maltby and he made any investigation other than that of Slichter's. Any one could have made a like examination."

Following the explosion of the "bomb"—which was the announcement that the commission had never issued any order to the city, Mr. Torrance said that he believed the commission doesn't want to issue a specific order in the water case because doubt exists as to its power.

The Lagoon Again

Torrance's vehement denunciation of the rate commission's and Engineer Maltby's investigations stirred Alderman William Collins to the extent that he was on his feet the minute Torrance gave up the floor and entered into a lengthy argument for the installation of a pumping station at Pettibone park. He rehearsed the various features of the lagoon idea and offered to show samples of water he had had tested. No one asked for them.

"Why this lagoon would furnish water to the city for the next thirty years," shouted Collins, at which Alderman Smith rose to a point of order and asked for a vote on the resolution. Collins protested and the council upheld him and he continued to dwell on the lagoon idea.

Assure Adequate Tests

Alderman Smith followed Collins and read a letter from the rate commission in which it was announced that new tests will be made to satisfy a few aldermen and to assure the citizens that no misstep is being taken and in which it was stated that "some people have an unusual interest in the filtration system" for La Crosse. It was also stated that the rate board of health would make tests at the same time assuring the citizens as to the quality and quantity of the water.

Alderman Mahoney favored carrying out the recommendations of the rate commission.

"It is the rate commission that will be blamed if this system proves a fizzle not the council," argued the North sider.

Hot Letter Read

The much talked of but never published letter from the rate commission to Mr. Mahoney was read upon the request of Alderman Torrance. The letter was a reply to Mahoney's queries on points raised in the protest of Bradish and after asserting the city that it had every right to place faith in the recommendations of the commission, wound up with the assertion that "Engineer Maltby is a man of high standing in the engineering world and one whose judgment is to be followed."

CZAR LOOKS FOR TROUBLE

ST. PETERSBURG, Nov. 22.—Fulfilling the czar's threat to occupy Persian territory unless the Teheran government expels Morgan Shuster, the American treasurer general, Russian troops seized Enzeli, on the northern Persian province of Gilan, today. This action is regarded as a slap against the United States.

BRYAN IS ON A SINKING LINER

Wireless Calls for Help Say that Vessel Is on the Rocks Near Santo Domingo

SHIPS RUSHING TO RESCUE

"Commoner" Sends Message to Brother Saying that There Is No Danger

NEW YORK, Nov. 22.—According to wireless messages received here, the Hamburg American liner Prinz Joachim, on which William J. Bryan is one of the passengers, went ashore on the rocks of Samana island, near Santo Domingo early today. Mrs. Bryan and their six-year-old grandson, John Bryan, are with the democratic leader.

The wireless reports the ship to be resting easily and adds that the passengers are in no immediate danger.

If the Prinz Joachim has gone ashore at the point shipping men declare she must have been far off her course, as she should not have been in that vicinity.

Bryan was on his way to visit his daughter, Mrs. Ruth Bryan-Owen in Kingston. He expected to spend the winter in Panama, after visiting in Kingston.

Samana island is one of the small outlying islands of the Bahamas located just southeast of San Salvador. Later reports received here by wireless declare that the vessel is in a sinking condition and that immediate aid is needed. It is believed, however, all the passengers can be landed in the lifeboats in safety, unless aid arrives before the vessel breaks up. Numerous vessels attracted by the wireless calls of the Prinz Joachim are hurrying to her aid.

The vessel is a modern boat of 4,750 tons, belonging to the so-called Prinz class.

A wireless message received at 9:30 declared the passengers were landed and that all preparations had been completed by the crew to take them off as soon as one of the rescuing steamers reached her.

LINCOLN, Neb., Nov. 22.—A wireless message to Charles W. Bryan this morning from his brother, William J. Bryan, coming via Key West, Fla., says: "Vessel grounded mile from shore. No not worry. No danger."

WHITES SEEK SAFETY

SHANGHAI, Nov. 22.—Anti-foreign feeling is intensifying daily all over China and is reported especially bitter in Honan province today. Allen residents of the province are fleeing towards the treaty ports but it is feared they may not all reach the coast in safety.

The imperialists suspect foreigners of revolutionary sympathy, and the revolutionists believe they are supporting the imperialists. More dangerous, however, than either imperialists or rebels are the outlaws who swarm throughout the whole country. Taking advantage of the prevailing confusion, these bandits are raiding even large towns and country travel is attended with the utmost peril on account of them. Not only are they greedy for plunder but their wanton cruelty is almost unbelievable.

Seven Americans said to have received their military training in the National Guard at home, are active among the revolutionists. About twenty-five Germans hold commissions in the imperialist army.

LORIMER COMMITTEE ADJOURNS TO DEC. 5

CHICAGO, Nov. 22.—The senatorial committee which has been sitting in Chicago for the past six weeks in connection with its investigation of the election of United States Senator Lorimer, ended its present series of hearings today. Adjournment was taken until December 5, when the committee will resume hearings in Washington.

Seventy-one days of hearings—thirty-one in Chicago and forty in Washington; about \$100,000 cost to the United States; 6,000 pages of testimony, aggregating about 3,000,000 words; examination of 12 witnesses—this is the record achieved to date by the Lorimer committee, and the end is not yet in sight.

MRS. PATTERSON IS TO BE FREED?

Denver Is Convinced that Slayer of Husband Will Not Be Hanged

OPENING STATEMENTS MADE

State to Introduce Evidence that Woman Shot to Protect Chicago Millionaire

DENVER, Col., Nov. 22.—With a full jury completely sworn, the opening statement of the state in the trial of Mrs. Gertrude Gibson Patterson on a charge of murdering her tubercular husband last September was delivered in Judge Allen's court today.

The state will immediately introduce evidence intended to prove that Mrs. Patterson killed her husband out of sheer desire to be rid of him and that his taking off was the culmination of repeated threats which she made to kill him if he persisted in bringing an action against Emil W. Strauss, a Chicago millionaire clothier, for alleged alienation of Mrs. Patterson's affections.

On the other hand, the defense will attempt to prove that Patterson connived at the debasement of his wife as a source of income; that he used her as instrument to blackmail the Chicago millionaire, and that he coupled with her degradation long and repeated brutalities which forced her in defense of herself to kill him. It will also be claimed by the defense witnesses that Gertrude Gibson Patterson had suffered such treatment at the hands of her husband that when she fired the fatal shots that ended Patterson's life, she was incapable of distinguishing between right and wrong. This plan is emotional insanity and shooting in self protection.

Amid the many uncertainties of the trial there is an overwhelming conviction abroad in Denver that Gertrude Patterson will not be hanged, and that if the state obtains a conviction in simple ground of assault, it will have scored a victory.

QUEER DISEASE FATAL TO THREE

Michigan Village Excited Over Strange Fatalities; Woman Benefited by Insurance

UBLY, Mich., Nov. 22.—This little village is greatly excited today over the outcome of the coroner's inquest which is being held over the body of Albert Sparling, 23, the third of a family of four men who died within two years under mysterious circumstances. Albert died last May.

The first death was that of John W. Sparling, husband and father, who died in July, 1909. Peter, the oldest boy, died just one year later. Then came Albert's death and last August Cyril, the youngest son, aged 20, died. In each case the disease of which the men died, it is alleged, baffled the physicians in attendance, but the symptoms were similar in each case.

Four thousand dollars life insurance was realized by Mrs. Carrie Sparling, the mother and wife, from the four deaths.

The chief witnesses at the inquest which started yesterday, are Mrs. Sparling and Dr. R. A. McGregor, the family physician.

Following an all night grilling by the coroner's jury, holding an inquest into the death of Albert Sparling, one of a family of four men who have met death under mysterious circumstances, Dr. R. A. McGregor, the family physician, was arrested and rushed to the county jail at Bad Axe today. Mrs. Margaret Gibbs, a professional nurse, who has been staying at the Sparling home since the death of Cyril Sparling last August, was also arrested and taken to jail. The verdict given out by the coroner's jury was that all three brothers, Peter, Albert and Cyril, met death by arsenic poisoning. Mrs. Carry Body Sparling, the mother, was not detained.

SPARKS CAUSE FIRE

A small fire at the home of Mrs. M. Skarr, 415 South Fifth street, late yesterday afternoon resulted in damages amounting to \$50. The fire was caused by a spark from the furnace which lighted on some charcoal which had been used to line the cellar which was used for the storing of vegetables.

WILBERT LARSON DEAD

Wilbert Larson, aged three years, died of meningitis at a local hospital this morning. He is the son of Mr. and Mrs. Albert Larson of De Soto, Wis., and the body was shipped there this afternoon. The funeral will be held in De Soto Friday.

TAKES GUM FROM SAILORS

CHICAGO, Nov. 22.—"The use of chewing gum is a stupid, silly practice," was the comment with which Captain W. F. Fullam, commandant of the Chicago naval training station prefaced his issuance of an order today forbidding the 500 marines under his command from jaw work on the stenographer's solace.

"It's bad enough for women to chew gum," Fullam declared, "but for a manly man who aspires to the navy to indulge in the habit is absurd."

The marines chewed as usual today—but it was on navy twist.

BACKWOODSMAN EXPOSES JOHN D.

Grizzled Old Prospector Tells of Rockefeller's Crooked Methods on the Range

PASTOR HENCHMAN TOLD LIE

Tried to Get Minnesotan to Throw Down His Friends; Refuses to Steal

Subpoena for Rockefeller WASHINGTON, Nov. 22.—Chairman Stanley of the house steel committee this afternoon announced that he found it necessary to issue a subpoena duces tecum, ordering John D. Rockefeller to submit to the committee certain documents in his possession bearing on his deals in the Minnesota ore fields.

WASHINGTON, Nov. 22.—A gray, grizzled backwoodsman, who gave his occupation "explorer," today told the Stanley committee, in the free and easy speech of mine and woods, of his experiences in high finance, when pitted against John D. Rockefeller.

"Lon" Merritt, who tramped the ore ranges of Minnesota, shouldering a pack in the days when Minnesota was the "wild west," told a picturesque story of the discovery of ore on the Mesaba range.

Merritt told of the hardships of life on the range, his difficulties in discovering the ore pockets, and his jubilation when, in 1891, his miners brought into Duluth a bushel of pay ore, the first taken out of the Mesaba range.

Merritt found it difficult to secure money to develop the range. He went to Carnegie and Frick. Of Frick he said: "He did not treat me like a gentleman. He bulldozed me and ridiculed the idea that there was any ore in the field."

He described the building of the Duluth, Mesaba & Northern railroad and then came to Rockefeller. C. D. Wetmore and J. Wellwood Murray, representing Rockefeller, offered to help finance the road. They did furnish \$350,000 to buy stock and promised further financial assistance. But this was not forthcoming and finally Merritt went to New York, where he met Rev. F. T. Gates, Rockefeller's right hand man, and now his chief philanthropy agent.

Under the consolidation agreement which Rockefeller persuaded Merritt to make, the oil king failed to take up the bonds as he had agreed, Merritt alleged.

Attorney Reid for the Steel company, objected to this line of testimony. "I feel," said Stanley, in overruling the objection, "that right now I am performing the greatest public service I ever did in my life."

"In connection with the interstate commerce law," asked Reid. "To humanity?" retorted Stanley. "Merritt told of an interview with Rev. Mr. Gates, while Rockefeller held the Merritt stock as collateral for loans. 'Gates came to me,' he said. 'I was amazed when he said that if Rockefeller protected us the stocks of others in the company would be thrown down. He mentioned several of our associates by name. My brother, who was present, turned to Gates and said: 'Mr. Gates, we've got laws in this country. To do what you want us to do would land us in jail. Rockefeller with his \$700,000,000 can't make us do that.'"

"I turned around to Gates and said: 'You came from Rockefeller. Go back to him and tell him that when I steal for a living I'll steal for myself.'"

KILLS HUSBAND TO SAVE HIS SOUL

NEW YORK, Nov. 22.—With the selection of the twelfth juror today, the trial of Mrs. Francis O'Shaughnessy, who killed the husband who deserted her for another woman, "to save his soul," was actually begun today. O'Shaughnessy deserted his wife for Tessie Hays, a pretty cashier. "I did it to save his soul," sobbed Mrs. O'Shaughnessy when she was arrested.

WORK DELAYED ON NEW LEVEE PARK

Cut in Appropriation to Hold Back Job and It May Not Be Ready for Four Years

DONATE \$10,000 TO SCHOOLS

And Now Commission Has Only \$2,000 to Do the Work That Will Cost \$8,000

Levee park will not be completed next year. In fact if appropriations for park work go on at the gait set by the budget this year it will be at least four years before the river front will present the beauty spot planned.

This rather startling fact came to light this morning during a perusal of the city budget. Only \$10,000 is allowed for park purposes.

"We need at least \$8,000 to maintain the parks and recreation spots we already have," said one prominent member of the park commission this morning. "That leaves \$2,000 with which to continue the work at levee park."

"It will take just about \$8,000 to complete the levee park and it is a safe prediction that it will not be done next year."

The council's action in appropriating only \$10,000 for parks this year is the grounds for much criticism in view of the need of funds with which to carry on the work at the levee.

It is recalled that when the appropriation for parks was \$20,000 two years ago that the commission generously donated \$10,000, or half of its fund, to permit the carrying on of certain plans in connection with the schools.

This amount, available now, would be enough to complete levee park.

Figuring that the park appropriation for the next four years is \$10,000 per annum and that at least \$8,000 a year is necessary to maintain the parks and playgrounds already in operation, it will be just exactly four years before the citizens will enjoy the new park.

CHIEF WEBBER ILL AT HIS RESIDENCE

Police Head in Highly Nervous State and No One Allowed to See Him; Is Second Attack

His condition so serious that no one is allowed to see him. Chief of Police John B. Webber is confined to his home, 230 North Eleventh street, suffering from an attack of nervous prostration.

Mr. Webber has been in ill health for the past two weeks, but it was considered only a slight attack until Sunday morning. His condition was so much worse Sunday that he was forced to remain in bed.

This is the second attack of the kind which has troubled Chief Webber. The first attack took place several years ago. It is thought possible that worry and overwork in connection with the police investigation may have induced the nervous attack.

At noon today it was reported from the chief's home that he was slightly improved, but his condition is still too serious to allow him to resume his duties.

HENRY CLAY BEATTIE ACCEPTS RELIGION

RICHMOND, Va., Nov. 22.—Through the Rev. F. J. Fix, Henry Clay Beattie, Jr., this afternoon made the following statement:

"I am ready to die. I would just as soon die Friday morning as thirty days from now, because it will end the agony of my father. I don't know but what it is better to die now than to have him suffer thirty days longer. I have accepted religion and I am prepared for the end. The preacher said Beattie had become converted and that he would go to the death chair with the strength of religion in his heart. Arrangements were completed today to bury the body of Beattie following his execution Friday, beside the grave of his young wife, for whose brutal murder he is about to pay the extreme penalty."

OLD MAN BREAKS ANKLE

Frank Richter, 75 years old, working for Utke Saloon, 213 South Third, fell and broke a bone in his left ankle Sunday at 5 p. m., while bringing a pail of coal up from the cellar. He lives at 215 1/2 South Fifth.

SEVENTH GIVES TO FUND

Alderman Frank J. Roth this morning turned over to Paul T. Schulze, assistant cashier of the State bank, the sum of \$50, which he has collected in his ward, the Seventh, for the relief of flood sufferers in Black River Falls.

LA CROSSE IS GROWING

According to the birth, marriage and death record as issued by Register of Deeds A. Thompson today for the last two months, La Crosse has increased in population by sixty-seven in the last two months and the number of people married exceeds the number born by 24. The record is as follows: Births, 162; marriages, 93; deaths, 95.

GAS VICTIM IS STILL DELIRIOUS

Seven Regain Consciousness Today; Mathew Still in Stupor; Removed to Hospital

GAS THOUGHT TO BE CAUSE

New Theory Advanced on Accident which Endangered Lives at the City Mission

Seven of the eight men who so narrowly escaped death by asphyxiation at the city mission during Monday night, regained consciousness this morning and are able to be about. But Ross Mathew, giving Douglas county, Ill., as his home, is still in a state of semi-consciousness and will be removed to a hospital some time today, for treatment.

During the greater part of yesterday and last night, the men were delirious, raving and talking without meaning but toward morning seven of the men gradually quieted and all but Mathew have now recovered sufficiently to leave their beds.

Mathew who arrived in the city Monday night was in poor physical condition at the time and this is given as the cause of his not recovering as quickly as the other men. Superintendent D. C. Dewey today announced his intentions of consulting Poor Commissioner S. Burdick on the matter and of having Mathew removed to one of the hospitals.

Gas May Be Cause

Upon further investigation into the cause of the accident it was found that the gas heater which was used for the purpose of heating water, gives off a strong gas. The odor of the gas which is emitted by the heater was prominent in the adjoining sleeping room, hours after the discovery of the condition of the men and this leads to the theory that their condition was not caused by lack of oxygen which was supposed to have been consumed by the flame as was first thought but by the defusion of gas.

Superintendent D. C. Dewey today admitted that this may be the cause and declared that he intended to have a pipe installed to carry off the fumes of gas which may be emitted by the heater.

ROW AIDS M'NAMARA

LOS ANGELES, Cal., Nov. 22.—Should J. B. McNamara be acquitted in his present trial for murder, in connection with the Times building explosion, the prosecution will put the blame squarely at the door of Detective William J. Burns.

Friction between Burns and District Attorney Fredricks has existed ever since the former, in magazine articles, took all the credit for the arrest of the McNamaras, but it greatly increased today, as a result of a series of interviews given by Burns in Indianapolis which have just arrived here. There, the private detective, the prosecution here alleges, for advertising purposes, revealed several vital secrets, which it had been expected to conceal in order to surprise the defense.

As a result District Attorney Fredricks' detectives tell him that McNamara will be absolutely able to prove an alibi along certain lines, and he is very angry. Burns has not kept the prosecution here advised of his movements in the east, especially in Indianapolis, with the result that there have been a number of miscues in the litigation there. It is believed that the federal grand jury would have turned the evidence over to the California authorities if it had not been for secret manipulation at Indianapolis, for which Fredricks and his assistants blame Burns.

The latter is said to be piqued because his suggestions have not been well received by the prosecution.

COUNTY SCHOOLS TO MEET DECEMBER 5

The annual school board convention of La Crosse county will be held at the La Crosse county agricultural school December 5, according to the announcement of Superintendent of Schools R. F. Oltman. Arrangements for the convention are now under way and efforts are being made to make this a record breaker in attendance.

REVEALS PLAN TO COMPROMISE GIRL

Witness Tells of Plot to Force Miss Chamberlain to Leave the Country

BOOZE WENT TO SEE "FUN"

Defendants in Tarring Case Said to Be "Men of Good Character"

LINCOLN CENTER, Kan., Nov. 22.—Pale and wan from a sleepless night following the harrowing experience which she passed yesterday, Miss Mary Chamberlain, accompanied by her mother and father, arrived early at Judge Grover's court this morning to listen to the continuation of the testimony in behalf of the three men charged with having tarred her on the night of August 7 last. The ordeal through which the girl passed yesterday left its visible effects on face and manner.

So dense was the crowd in the court room today that bailiffs were forced to clear a path for the passage of the judge and the lawyers with their clubs.

Immediately court convened, A. N. Simms, one of the three defendants who are specifically charged with being implicated in the "tar party," resumed the stand to complete his testimony, commenced yesterday, regarding his share in the affair. It is expected that he will be followed by John Schmidt and Sherill Clark, the other two defendants, who will corroborate his testimony, and that then Miss Chamberlain will be recalled by the defense in an attempt to shake her story or impeach her testimony.

Tell of Reputation It was noticed yesterday that when Simms charged that the school teacher's reputation "was not of the best," the lawyers for the defense made numerous notes and sent several messages and it is considered likely that a strong attempt will be made to produce witnesses to offset the prosecution's character witnesses.

Simms in his testimony yesterday admitted that he had known that "something was going to be done to the girl," but he did not know what it was. He was under the impression, he said, that it was the intention of the plotters to catch Miss Chamberlain and Ricord in a compromising position and thus force her to leave the county. Ricord's failure in his attempt to carry out his share in the plot is supposed to have caused the men to resort to the tar.

Watson Scranton, one of the three men who pleaded guilty on Saturday last to a charge of assault, testified that the three defendants helped plan the tarring, but did not actually take part in it, arriving too late for the proceedings.

Boy Behind Hedge

Benjamin Painter, a boy, who happened to be behind a hedge at the time of the tarring, was unable to give a coherent account of the affair, owing to the thickness of the hedge and a somewhat defective memory.

James Boozs, also arrested on a charge of complicity in the affair, admitted having known that it was going to take place, but said that he and the three defendants arrived too late to witness it.

"I wasn't going to take part," claimed Boozs. "I just went along to see the fun."

When asked what he meant by the "fun," Boozs replied "Oh, tarring the girl."

Several character witnesses were also introduced by the defense, all of whom said that they had known the defendants for years and that they were men of good character.

WEATHER

For Wisconsin: Unsettled weather with rain or snow and probably east portion Thursday; warmer extreme east and colder west portion tonight; colder Thursday.

For Minnesota: Cloudy and colder tonight; Thursday fair with colder east portion; cold wave northwest portion.

For Iowa: Generally fair tonight and Thursday except rain or snow east portion tonight; colder tonight and east portion Thursday.

Weather Notes An area of high pressure is central in the upper Ohio valley and fair weather prevails from the lake region to the gulf states with freezing temperature as far south as Tennessee and North Carolina and frost almost to Florida. A second area of equally high pressure covers the north Pacific states and northern Rocky mountain districts and the temperature has fallen throughout this section but is above zero except at Prince Albert, where it is 6 degrees below zero. Between these two highs is a narrow belt of moderately low pressure extending from Manitoba to eastern Texas and the temperature has risen throughout the plains states and Mississippi valley.

Generally fair and colder weather will prevail in this section tonight and Thursday.

LIQUOR LAW HELD UNCONSTITUTIONAL

MARSHALLTOWN, Iowa, Nov. 22.—Judge C. B. Bradshaw of the district court yesterday ruled that the latest liquor law passed by the state, a statute enacted by the Thirty-fourth General assembly last year, was unconstitutional. He dismissed the indictment returned under it against L. F. Madden of Clemons and discharged the prisoner. The state will appeal to the supreme court.

Madden was indicted under the new law, which provides that the certificate of an internal revenue collector that he has issued to any person a federal permit to sell liquor is prima facie evidence of that person selling or keeping for sale intoxicating liquors contrary to the state laws.

The judge holds that the law is un-

constitutional because it takes away the presumption of innocence of the accused. This is the first case tried in the state under this statute.

DISCOVERS A NEW TRUST

MINNEAPOLIS, Minn., Nov. 22.—In an extensive article published Tuesday evening, the Journal, a local paper, charges that the crooked paving block companies of the United States are combined into a trust, and declares that the United States government through the department of justice at Washington has begun an investigation with a view of prosecution under the Sherman anti-trust law.

SPENCER ACTS LIKE MANIAC

SPRINGFIELD, Mass., Nov. 22.—By a wild outburst of passion, which his faithful little wife could not prevent, Bertram G. Spencer, New England's Dr. Jekyll-Mr. Hyde, on trial for the murder of Miss Martha B. Blackstone, yesterday compelled an adjournment of the court until he could be quieted.

CURED OF DRINK HABIT BY THE NEAL TREATMENT

Advertising Man Rescued From Life of Misery and Disgrace in 3 Days

HIS INTERESTING LETTER

I do not crave publicity and notoriety, but on the contrary shrink from it, yet I feel that it is my duty to the afflicted thousands, the dear ones interested in them, and all lovers of humanity to make and consent to the general publication of the following:

For more than thirty years I was an abject and frightful slave to an ever present consuming and irresistible appetite, inward craving and gnawing for alcoholic liquor. During all this period it was the persistent effort of friends and myself, and my constant desire to escape from, to overcome my awful affliction, and at different times I took all of the advertised treatments for the drink habit that I heard of, including the old time four to seven weeks' treatment with hypodermic injections, and I consulted with and was treated by over a score of good physicians and reputable alcoholic specialists, but all failed to give the desired relief.

I was taken by friends to the Neal Institute where the NEAL THREE DAY treatment was administered to me. It sobered me up in a few hours, quicker, easier, and with ten times less suffering than I was ever sobered before. Inside of 36 hours the intense craving and gnawing for liquor was changed into a disgust and loathing for it, which I am pleased to state has continued until this time.

After the lapse of many months, during which time I have felt better both mentally and physically than ever before, I now know that I am absolutely and permanently cured of the great affliction of my life. I also personally know of hundreds of other wonderful cures by the Neal treatment, and the result accomplished in

three days' time is the wonder and marvel of all patients and their friends. The Neal is the best investment morally, physically, mentally and financially that any drinking man, his family or friends can make. I shall be greatly pleased to answer all inquiries made by phone, letter or to me in person, and to do all within my power to aid the afflicted, and all interested.

(Signed) M. D. HOLT, Present address, 4852 Cottage Grove Ave., Chicago, Ill.

Only with the written consent of the patients do we ever use the name or in any way disclose the identity of any Neal-cured patient. Mr. M. D. Holt's cure by the Neal treatment, like hundreds of others, is to him and his friends so wonderful and satisfactory that with his consent, and in the interests of the Neal cause and afflicted and suffering humanity, we publish his signed statement. Truly as stated by one who has made careful investigation, "the Neal is the world's greatest drink habit cure." The Neal Institute in Milwaukee is one of a mighty chain of "Life Saving Stations"—over half a hundred, located in the United States and foreign countries, and in any of these this treatment, composed of purely vegetable and perfectly harmless medicine, which is taken internally only, without any hypodermic injections, is administered. A personal call is always most satisfactory to those interested because of the convincing evidence which we gladly furnish at the institute, but if this is not convenient or possible, write, wire or phone us for full particulars, information and advice. Address the Neal Institute, 444 Cass street, Telephone Main 2726, Milwaukee, Wisconsin.

GOOD SLEIGHING BOOMS BUSINESS

Roads in First Class Condition and Merchants Expect an Influx of Trade

If the thermometer keeps below the freezing point for the balance of the week, the merchants of La Crosse stand good prospects of an influx of farmer trade, especially from Minnesota, on Friday and Saturday, that may establish a new record for the year. The sleighing is in first class condition at present, and many farmers are coming into the city from all directions.

Friday and Saturday are the best days for the farmers, and with good sleighing they are quick to take advantage of the opportunities for a quick journey to the city and return for the sale of produce and purchase of necessities.

That the farmers are not waiting for the latter part of the week to bring their goods to town and to make purchases, however, is proved by the fact that between ninety and a hundred teams came across the bridge from Minnesota yesterday. The toll-collector makes an estimate of at least twice that amount on Friday and Saturday if the thaw does not take the bottom out of the roads leading to the bridge.

On the roads leading into town from the Wisconsin side no figures are available but there has been a steady stream of farmers each morning making their way to town, and a corresponding returning tide in the late afternoon.

Turkeys Scarce
The collector of tolls at the bridge yesterday made the statement that never before had he seen so few turkeys brought into the city at this time of the year. This he declares to be odd. He says that the year has been an especially favorable one for the turkey raisers, because the spring and summer were unusually dry. Turkeys, when young, cannot thrive in wet weather.

WHITEHALL TO GET JAIL

WHITEHALL, Wis. (Special) Nov. 22.—The new jail, the erection of which was begun some time ago, is rapidly nearing completion. The old jail, which allowed the escape of the noted bad man, Jack Kline, several years ago, and has been the means of liberty to lesser offenders several times since, was condemned by the state board of control. The addition to the court house is also nearly finished.

\$200,000 FIRE IN OMAHA

OMAHA, Neb., Nov. 22.—Nearly \$200,000 damage was done here yesterday by a fire which destroyed the A. I. Root building. The heaviest losses were the Woodmen of the World, whose publication offices for the organization's magazine were located in the structure; the Otis Elevator company, and the A. I. Root Printing company.

QUININE DOESN'T CURE BAD COLDS

How to really break a severe cold and end all Grippe misery in just a few hours

You will distinctly feel your cold breaking and all the Grippe symptoms leaving after taking the very first dose.

It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

NOTICE OF SALE OF REAL ESTATE ON EXECUTION.

State of Wisconsin, La Crosse County.—In Circuit Court.

G. Sommers & Company, a Corporation, Plaintiff, vs. Leon Boruszak, Defendant.

By virtue of an execution issued out of and under the seal of the Circuit Court in and for the County of La Crosse and State of Wisconsin, upon a judgment duly rendered November 4, 1911, and docketed November 8, 1911, in said Court, in an action wherein G. Sommers & Company, a corporation, is plaintiff, and Leon Boruszak defendant, in favor of the said plaintiff and against the said defendant, for the total sum of two hundred thirty-two and 93-100 dollars (\$232.93) damages and costs which execution was directed and delivered to me as sheriff in and for said county of La Crosse, I, Chris J. Burns, sheriff of said county, have duly levied upon all the right, title and interest of the said defendant Leon Boruszak in and to the following described real property, to-wit:

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures.

"Favorite Prescription" is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice.

Some of the numerous and strongest of professional endorsements of its ingredients will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 31 one-cent stamps for cloth-bound copy.

If sick consult the Doctor, free of charge, by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

CONSTIPATION, BILIOUSNESS, COATED TONGUE, HEADACHE OR BAD STOMACH

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascarets tonight will straighten you out by morning—a 10-cent box will keep you feeling good for months. Millions of men and women take a Cascarets now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too, occasionally.

EXPERIENCE MAKES REPLY TO MR. TAFT

The assertion of President Taft, in a recent speech regarding the Sherman law, referring to the Standard Oil decision which by judicial construction qualified its meaning by reading the word "reasonable" into it, that, "two decisions last spring, in my judgment, gave it (the Sherman law) definite meaning," seems to have received its answer from the experiences of the government in relation to the tobacco trust reorganization. The attorneys of the trust submitted to the government a plan for reorganization, but it proved unsatisfactory to Mr. Wickensham. Thus we have the legal minds of the big corporations and of the government at variance as to what the Sherman law means in the light of its most recent interpretation. As "The Outlook" says, "It would be helpful to know how these views of the president are in accord with the facts."

With regard to the present status of the tobacco trust, the president says that the law is perfectly explicit and defi-

The Prodigal Judge

The Famous Novel by Vaughan Kester

Copyright, 1911, The Bobbs-Merrill Company.

But the cabin proved to be better defended than he had foreseen; and as he advanced, the difficulties of the task he had set himself became almost insurmountable; yet sustained as he was by his imperative need, he tore his way through the labyrinth of trailing vines, or floundered across acre-wide patches of green slime and black mud, which at each step threatened to engulf him in their treacherous depths, until at the end of an hour he gained the southern side of the clearing and a firmer footing within the shelter of the woods.

Here he paused and took stock of his surroundings. The two or three buildings Mr. Hicks had erected stood midway of the clearing and were very modest improvements adapted to their owner's somewhat flippant pursuit of agriculture. While Carrington was still staring about him, the cabin door swung open and a woman stepped forth. It was the girl Bess. She went to a corner of the building and called loudly: "Joe! Oh, Joe!"

Carrington glanced in the direction of the keel boat and an instant later saw Slosson clamber over its side. The tavern-keeper crossed to the cabin, where he was met by Bess, who placed in his hands what seemed to be a wooden bowl. With this he slouched off to one of the outbuildings, which he entered. Ten or fifteen minutes slipped by, then he came from the shed and after securing the door, returned to the cabin. He was again met by Bess, who relieved him of the bowl; they exchanged a few words and Slosson walked away and afterward disappeared over the side of the keel boat.

This much was clear to the Kentuckian: food had been taken to some one in the shed—to Betty and the boy!—more likely to George. He waited now for the night to come, and to him the sun seemed fixed in the heavens. At Belle Plain Tom Ware was watching it with a shuddering sense of the swiftness of its flight. But at last the tops of the tall trees obscured it; it sank quickly then and blazed a ball of fire beyond the Arkansas coast, while its dying glory spread aslant the heavens, turning the flanks of the gray clouds to violet and purple and gold.

With the first approach of darkness Carrington made his way to the shed. Hidden in the shadow he paused to listen, and fancied he heard difficult breathing from within. The door creaked hideously on its wooden hinges when he pushed it open, but as it swung back the last remnant of the day's light showed him some dark object lying prone on the dirt floor. He reached down and his hand rested on a man's booted foot.

"George!" Carrington spoke softly, but the man on the floor gave no sign that he heard, and Carrington's questioning touch stealing higher he found that George—if it were George—was lying on his side with his arms and legs securely bound. Thinking he slept, the Kentuckian shook him gently to arouse him.

"George!" he repeated, still bending above him. This time an inarticulate murmur answered him. At the same instant the woolly head of the negro came under his fingers and he discovered the reason of his silence. He was as securely gagged as he was bound.

"Listen, George—it's Carrington—I am going to take off this gag, but don't speak above a whisper—they may hear us!" And he cut the cords that held the gag in place.

"How do you get here, Mas'r Carrington?" asked the negro guardedly, as the gag fell away.

"Around the head of the bayou," "Lawd!" exclaimed George, in a tone of wonder.

"Where's Miss Betty?" "Where's the cabin yonder—fo'—"

ONE MILLION DOLLARS FOR A GOOD STOMACH

This Offer Should Be a Warning To Every Man and Woman

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others. Every one who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is commonly caused by an abnormal state of the gastric juices or by lack of tone in the walls of the stomach. The result is that the stomach loses its power to digest food.

We are now able to supply certain missing elements—to help to restore to the gastric juices their digestive power and to aid in making the stomach strong and well.

Doctor's Best Formula

Breaks Severe Cold in a Day and Cures Any Curable Cough

This has been published here for several winters and has proven the quickest and most reliable formula obtainable for coughs and colds. "From your druggist get two ounces of Glycerine and half an ounce Concentrated Pine compound. Take these two ingredients home and put them into a half pint of good whiskey. Shake it well and take one to two teaspoonfuls after each meal and at bedtime. Smaller doses to children according to age. Be sure to get only the genuine (Globe) Concentrated Pine. Each half ounce bottle comes in a sealed tin screw-top case. Any druggist has it on hand or will quickly get it from his wholesale house. Don't experiment with preparations because of cheapness. It don't pay to fool with a bad cold."

Frost-Bites

Here is quick and sure cure known for corns, callouses, bunions, frost-bites, sweaty and aching feet. "Two tablespoonfuls of Calocide compound in hot foot-bath, gives instant relief and if repeated daily for a short time permanent cure results." Get a 25c box of this remarkable Calocide from any druggist or direct from Medical Formula laboratories of Chicago.

the love of God, cut these here other ropes with yo' knife, Mas'r Carrington—I'm perishing' with 'em!" Carrington did as he asked, and groaning, George sat erect. "I'm like I was gone to sleep all over," he said.

"You'll feel better in a moment. Tell me about Miss Malroy?"

"They done fetched us here last night. I was drivin' Missy into Raleigh—her and young Mas'r Hazard—when fo' men stop us in the road."

"Lawd—what's that?" Carrington, knife in hand swung about on his heel. A lantern's light flashed suddenly in his face and Bess Hicks, with a low startled cry breaking from her lips, paused in the doorway. Springing forward, Carrington seized her by the wrist.

"What's he grinnin' at?" "He's you doin' here!" demanded the girl, as she endeavored to shake of his hand, but Carrington drew her into the shed, and closing the door, set his back against it. There was a brief silence during which Bess regarded the Kentuckian with a kind of stolid fearlessness. She was the first to speak. "I reckon you-all have come after Miss Malroy?" she observed quietly.

"Then you reckon right," answered Carrington. The girl studied him from beneath her level brows.

"And you-all think you can take her away from here?" she sneered. "I ain't afraid of yo' knife—you-all might use it fast enough on a man, but not on me. I'll help you," she added. Carrington gave her an incredulous glance. "You don't believe me? What's to hinder my calling for help? That would fetch our men up from the keel boat. No—yo'-all's knife wouldn't stop me!"

"Don't be too sure of that," said Carrington sternly. The girl met the menace of his words with soft, full-throated laughter.

"Why, yo' hand's shakin' now. Mr. Carrington!"

"You know me?" "Yes, I seen you once at Boggs." She made an impatient movement. "You can't do nothing against them fo' men unless I help you. Miss Malroy's to go down river tonight; they're only waiting fo' a pilot—you-all's got to act quick!"

Carrington hesitated. "Why do you want Miss Malroy to escape?" he said.

The girl's mood changed abruptly. She scowled at him. "I reckon that's a private matter. Ain't it enough fo' you-all to know that I do? I'm showing how it can be done. Them four men on the keel boat are strangers in these parts, they're waiting fo' a pilot, but they don't know who he'll be. I've heard you-all was a river-man; what's the place? Looks like yo' was willing to risk yo' life fo' Miss Malroy or you wouldn't be here."

"I'm ready," said Carrington, his hand on the door.

WIFE SEEKS THIRD DIVORCE

WAUSAU, Wis., Nov. 22.—Mr. and Mrs. Gustav Schoepke of this city have an interesting nuptial record. They were married originally in 1886 in Wausau and are the parents of eleven children, the youngest of whom is 8 months old. The interest lies in the fact that they were married to each other three times. They were divorced twice, and an action for the third divorce is now pending in the courts, the wife being the complaining witness.

INJURIES KILL CONDUCTOR

SWORSMEN WILL DUEL

MILWAUKEE, Wis., Nov. 22.—Arrangements were tentatively completed today for a broadsword contest between Carl Brosius, crack local foilsmen, and Victor Frederick McLaughlin, former master at sports in the British Life Guards. The men have signed articles for a match soon. Brosius has a national reputation as a swordsman.

Quips and Cranks and Wanton Wiles

Keep Smiling
Cheer up, don't grumble, what good does it do
To worry and fret, frown, sulk, or look sad?
The world turns its back on the men who are blue
Favoring always the cheerful and glad.
If you are dead broke, or have met with distress,
Pluck up, make another beginning.
Failures teach lessons that lead to success.
Keep cheerful, smiling and grinning.
—J. T. Hallett in National Magazine.

Turning of the Worm

Rev. Sylvester Horne, the noted Liberal clergyman and member of parliament of London, was talking at a dinner in New York about charity. "The trouble with most charity," he said, "is that it is administered in a grudging, condescending spirit. Charity, to have any effect, must be administered in a spirit of absolute sympathy—a spirit, I may also say, of absolute humility. To uplift, get underneath," as the philosophic Ade well said.

"There was once a London lady, the wife of a millionaire promoter, who decided, being rather bored, to go in for charity. So she rang for her electric brougham and glided in a luxurious silence down to the New Cut.

"The lady selected the very worst house in the New Cut, and she paid a call of about half an hour on the poor, tired, underfed woman who lived there. The questions she asked this woman were supercilious and impertinent. The lady had a very good time.

"But when she came to go, her hostess, whose cheeks were now unwontedly red, rather spoiled her good time by saying quietly:

"Well, good-bye, madame. I don't suppose I'll see you again. The fact is, I haven't time to go slumming myself."—Washington Star.

One of Abbey's Epigrams

Edwin A. Abbey, the famous artist, who really belonged in this state because he was born here, was the author of an epigram that is well worth repetition. His home in Chelsea London, was comfortable, but nothing that it might have been had the painter been less extravagant.

An American friend, visiting the artist not long ago before his death, reproached Abbey for his profligacy. "If you were less the spendthrift," said the friend, "you could enjoy much greater luxury."

Thereupon Abbey turned and said, smiling: "Some folks are so busy putting something by a rainy day they get little or no good out of pleasant weather."—Philadelphia Times.

Circumstantial Evidence

There was considerable chill in the air, and Sniffley didn't know whether it would be wise to begin a conversation with Mrs. Sniffley or not. Finally, however, the silence became too arctic for comfort, and he decided to risk it.

"Beautiful morning, my dear," he observed, as he lathered his chin.

"Don't you talk to me, Mr. Sniffley," retorted the lady. "I'm disgusted with you. You needn't fool yourself into thinking I don't know in what condition you and Mr. Bagley came home last night. I overheard your conversation."

"Conversation?" said Sniffley. "What did I say?"

"You said you didn't know, when Mr. Bagley asked you which keyhole was the right one, and there's only one on the door!" said Mrs. Sniffley.—Harper's Weekly.

Orders

As indicating with what exact obedience the Oriental servant obeys his master's orders, a distinguished British diplomatist, now serving his country at Washington, tells of an incident in India.

It appears that an eminent British general during a campaign in that country had ordered his man to prepare his bath at a certain hour. One day a fierce engagement was going on, but the servant made his way through a storm of bullets and appeared at the commander's side.

"Sahib," said he, "your bath is ready."

La Crosse Citizens Should Profit by The Following Statement

Doan's Kidney Pills cured this La Crosse resident.

Their merit was shown—the story told.

Now comes further evidence. The testimony is confirmed.

The remedy was tested—the cure lasted.

Could La Crosse residents demand stronger proof?

It's La Crosse testimony. It can be investigated.

Mrs. D. Bailey, 1116 S. Sixth St., La Crosse, Wis., says: "Doan's Kidney Pills have proven very effective in my home. I publicly endorsed them in 1907 and at this time I take pleasure in doing so again. A member of my family suffered from kidney and bladder complaint and this trouble had a bad effect on his health. The prompt and beneficial effect of Doan's Kidney Pills, procured from Erhart's drug store, was gratifying. This remedy brought lasting relief."

Prominent Doctor's Best Prescription Easily Mixed at Home

"From your druggist get one ounce of Toris compound (in original sealed package) and one ounce of syrup of Sarsaparilla compound. Take these two ingredients home and put them into a half pint of good whiskey. Shake the bottle and take a tablespoonful before each meal and at bedtime." This is said to be the quickest and best remedy known to the medical profession for rheumatism and back-ache. Good results come after the first dose. If your druggist does not have Toris compound in stock he will get it for you in a few hours from his wholesale house. Don't be influenced to take a patent medicine instead of this. Insist on having the genuine Toris compound in the original one ounce, sealed, yellow package. Hundreds of the worst cases were cured here by this prescription last winter.

SYRIAN CHURCH FOUNDATION IS IN

Although the Greek Orthodox society of Syrian colony on the North side has given up hopes of completing their new church and club edifice by Christmas, they are practically certain that it will be in use before the end of the winter. The foundations have been completed, and they expect within a few weeks to start erecting the frame and woodwork of the building. It was announced by the leader of the Orthodox Syrians, Dan Sady, this morning, that the money which had been collected for the erection of the church, was holding out well, and that they expected to complete the building without a hitch.

STUMBLER; KILLS BROTHER
CUMBERLAND, Wis., Nov. 22.—Lloyd McIntosh, 19, was shot and killed by his brother while hunting deer near his father's farm, ten miles northwest of this place. While following Lloyd his brother stumbled over a stump, his gun discharging, the contents going into Lloyd's heart.

NEAR DEATH IN THE BLACK RIVER

With Bob Henry He Goes Through Thin Ice and Barely Escapes Drowning

The first accident of the skating season on Black river occurred Sunday afternoon, when Archie Mowry, 722 Caledonia street, an employee of the Milwaukee road, broke through the ice near the second elevator, and was only rescued by the timely arrival of a fisherman from French Island with a long pole.

Mr. Mowry went skating Sunday afternoon with Robert Henry, 602 Rose street. He skated out toward the middle of the river, and the ice gave way beneath him. Although handicapped by the weight of his skates, Mowry managed to get to the edge of the ice.

He was unable to raise himself, however, as the ice broke off each time he exerted his strength. Henry was unable to help him, as the ice would not bear sufficient weight to allow him to approach his companion.

Mowry was nearly exhausted, and thoroughly chilled when a fisherman who lives in a shack on French Island and a cross from the scene of the accident, appeared on the scene with a

long pole. He stood on the firmer ice and drew Mowry to shore.
Mowry, aside from a cold which he caught from the icy water, shows no bad effects from his bath, although he was unable to work Monday.

ENGLISH WOMEN IN OPEN REVOLT

Fight Desperate Battle with Police Following Raid on House of Parliament

220 ARE THROWN IN JAIL

Battered and Bruised by Rough Handling of Policemen; Miss Pankhurst Defiant

LONDON, Nov. 22.—Dishevelled from their combat with the police and frowny from the inconveniences of a night in jail, 220 suffragettes were on hand at Bow street police court today to answer for participation in yesterday evening's raid on the house of parliament.

Miss Mary Oldham, charged with obstructing traffic, assaulting the police and malicious destruction of property, was the first woman arraigned. Undaunted by all she had been through, she boldly defied the court to do its worst, saying she would willingly undergo martyrdom for the cause in which she is enlisted. She was sentenced to fourteen days' imprisonment, with the option of a \$17.50 fine, and promptly elected to go to jail. The trials will probably cover several days.

Following disposition of Miss Oldham's case, the court adopted the method of graduating the prisoners' sentences according to the extent of the damage they were accused of having done.

Black eyes and scratched faces were numerous among the prisoners and several declared that their entire bodies were masses of bruises.

They charge that the police were under orders to handle them as brutally as possible short of inflicting serious injury, by way of discouraging them.

The leaders say these methods will not deter them for an instant from continuing their campaign until suffrage is granted them.

In last night's encounter scores of policemen were hurt. Many were stabbed with batons. Some had their eyes blackened, their noses bruised or teeth knocked out by brass knuckles in women's hands. "This is real war," said Miss Christobel Pankhurst, the militant suffragette leader today, "and the government may just as well understand it first as last."

KNIGHTS OF PYTHIAS GIVE BIG DANCE

The dance given by the Knights of Pythias in their hall last night was well attended. Music was supplied by the Andre orchestra, and a supper was served to the dancers.

CHINESE SHOOTING MAY CLEAR MYSTERY

CLEVELAND, Ohio, Nov. 22.—The police here today believe that their investigation into the shooting of a Chinese mason here Monday night by a member of the Hip Sing Tong may open a way to clearing up the mystery which for two years has surrounded the murder of Elsie Sigel, the New York settlement worker.

With the renewal of the Tong war threatened here members of the On Long Tong flocked to police headquarters and informed detectives that Leon Young, accused of slaying Woo Dip, the mason, is a cousin of Leon Ling wanted in connection with the Sigel murder. They asserted that Ling is now in a Texas city and gave the police explicit directions for finding him.

GOMPERS VICTORIOUS AT LABOR MEETING

ATLANTA, Ga., Nov. 22.—The complete victory of the Gompers-Mitchell-Morrison regime in the American Federation of Labor convention, when the resolution requesting the resignation of all officials from the National Civic federation was defeated by nearly three to one, left the administration in complete control today. President Gompers branded as narrow-minded the charge that it was unwise for him to associate with certain "captains of industry" and alleged oppressors of labor such as Andrew Carnegie.

BURGLAR WORKS IN MADISON
MADISON, Wis., Nov. 22.—The residence of Alexander Kornhauser, proprietor of Kornhauser & Co., a dry goods house, was entered late yesterday afternoon by an unknown man and a watch and diamond ring valued at about \$800 taken.

DENVER SURRENDERS TO CHINESE REBELS

DENVER, Col., Nov. 22.—Another city may surrender to the Chinese rebellion on Saturday. It will be Denver's China town, if plans perfected by local Chinese patriots go through. The police fear that there may be some imperialists in Hop Alley, and propose to have all the ceremonies of surrender carefully watched. Plans for the demonstration became known today when a committee of Chinese secured permission from the authorities to raise the flag of the new Chinese republic in their Joss house.

AUTOMOBILE FOR ROAD COMMISSIONER

John Hintgen, county highway commissioner, will hereafter travel in an automobile when inspecting county highways. Previous to the final adjournment of the county board yesterday afternoon, an appropriation of \$500 was made for the purpose of procuring a county automobile.

A resolution to purchase a typewriter for the stenographer of the county court was referred to the ways and means committee and will be brought up at the next meeting of the county board.

The question of allowing the expense account of John Hintgen, highway commissioner for the last year, which amounts to about \$250, was referred to the committee on claims. A question of legality arose upon the presentation of this claim and District Attorney James Thompson ruled that all of the account which was actually paid to others could be collected but that item for the wear on a buggy or the use of a horse could not be collected.

The committee on claims submitted a report on the per diem of the supervisors, the total of which amounted to \$1,286.96. This was unanimously adopted.

Following this an adjournment was taken until Wednesday, Dec. 27.

Following the ruling of District Attorney James Thompson to the effect the entire proceedings of the county board must be published, the resolution to discontinue the printing of the reports of clerk of court, county poor commissioner, insane asylum trustees and supervisor of assessments, was reconsidered and killed.

VIROQUA BOY DIES AT LOCAL HOSPITAL

VIROQUA, Nov. 22.—Alfred Christianson, youngest son of Mrs. Christianson of this city, died from appendicitis in a La Crosse hospital, Sunday morning. He was about six years old, and was a bright little fellow, attending school in the first grade here. He was taken to the hospital about two weeks before his death, but before his arrival the appendix burst, and his case was regarded as a serious one. He seemed, however, to be making improvement for a time after the operation. His mother was left a widow about four years ago. She and two older boys survive him.

COOL BOARDER SAVES LIVES

MILWAUKEE, Wis., Nov. 22.—The presence of mind of a boarder whose name was not learned, saved fifteen persons from death when the boarding house of Michael Kruges, 822 St. Paul avenue, burned early today. The man moved his bed to a window and notifying the others of their danger, all slid to safety on a rope woven of bedclothes. One man was overcome and rescued by firemen.

TWO SHIPS IN DISTRESS

CHATHAM, Mass., Nov. 22.—Two vessels in distress have been sighted off Cape Cod in a raging gale. The crews of the Chatham and Monomy life-saving stations have gone to the assistance of a two-masted schooner anchored between the lightships. Two men are lashed to her rigging. Another vessel, with her sails torn away is in trouble off reefs.

HEILEMAN WINS BIG LABEL SUIT

Seattle Concern Used Label Similar to Famous "Old Style," and Court Gives Judgment

Emil T. Mueller, secretary of the G. Heileman Brewing Co., today received word that the local concern had won its suit against the Independent Brewing Co. of Seattle, Wash., for imitating and using a label similar to the famous "Old Style Lager" label.

The case has been fought through several courts and finally landed before the appellate court in Washington.

The following telegram was received yesterday from the attorneys of the local brewing company:

"Washington, D. C., 11-12-11.

"G. Heileman Brewing Co.,

"La Crosse, Wis.

"Appellate court holds defendant's label direct infringement upon your label. Lengthy discussion mailed today. Great success.

"Mason, Fenwick & Lawrence."

LANDSCAPE ARTIST VISITS THE NORMAL

A. Phelps Wyman, of Minneapolis, the landscape architect who is superintending the beautifying of the grounds at the normal, visited La Crosse yesterday to inspect the progress of the work and to make plans for more work this fall if the weather permits.

Mr. Wyman expresses himself as well pleased with the progress already made and predicts that the normal grounds in the near future will be a pleasing surrounding for the beautiful building. The grounds have been leveled off and will be covered with loam and sod. Trees will be planted and appropriate floral decorations are included in the plans. Charles E. Schaefer, La Crosse, is assisting in the work.

Mr. Wyman left for Minneapolis last night.

COMMISSION FOR METERING OF CITY

Unless the finance and water committees, to whom was referred the resolution to meter the entire city, including all city buildings, do so, it is feared that the railroad rate commission may step in and force La Crosse to do this.

For some time J. T. Day has been advocating metering the city, but he has been unable to do this as yet.

However, he has been figuring on the proposition of installing meters in the city buildings, and he said this morning that this would cost a little over \$1,000.

Although no order from the commission has been received that the city must put in these meters, it is thought probable that it will be if it is not done. The water department could be put on a more businesslike basis if these meters could be installed.

CLERGYMAN DENIES BEATTIE CONFESSION

RICHMOND, Va., Nov. 22.—"The report that Henry Beattie has confessed is a pure fabrication. I have just returned from his cell and I know that he has not confessed," said Rev. Benjamin Dennis today. "The boy is holding up well in view of the situation," said the Rev. J. J. Fix, following his visit to Beattie. It is believed, however, that Beattie will leave a confession to be made public after his death.

ATTEND COURT AT PRAIRIE

District Attorney James Thompson, Undersheriff Ormerberg, Frank Michel and Mr. Miller left for Prairie du Chien this morning to appear in the case of the state vs. Michel and Miller, charged with burglary on the steamer Jap, which is owned by Judge E. CHRISTMAS

The time of family reunion, of merriment and generous giving.

Diamonds take precedence—they are always appreciated—constantly keep green in the memory the name of the giver and the "Merry Christmas" they were received.

Diamond pendants, rings, brooches, bracelets, pins, studs—a brilliant assemblage.

JACK FROST KING AT F. R. A. DANCE

The Fraternal Reserve will give a novelty dancing party on Thursday night, as the second big dance of the series at Linker hall. This will be the Jack Frost Carnival, and the committees in charge have made the usual extensive preparations for entertaining a large crowd. The hall will be decorated in large quantities of white cotton and with a diamond dust sprinkled thereon, so as to give the frosty appearance of a cold winter morning. The Andre Theater orchestra has been engaged and with a special program of dances it is conceded that there will not be any chills in the joy festivities. By the numerous invitations issued by the members to their friends, with accommodations of car service, this social event is being looked forward to with eager anticipation. With the usual ingenious methods used by the order in decorating, the affair will be a pleasing social event.

SEWER LAYING ALMOST FINISHED

The laying of the sewer pipe in the city, the work on which started early in the summer, is over half done at the present time, as 3 1/4 miles of the 5 1/2 miles have already been laid. This leaves 2 1/4 miles to be laid.

After the pipe on King street has been laid, the water will not have to be shut off while the work is being done and the citizens will not be inconvenienced in the least. A large stretch near the La Crosse river still has to be laid with pipe, but the water will not have to be turned off while the work is being completed.

\$5,000 PRIZE WINNER PICTURE AT LYRIC

One of the best two reel feature motion pictures shown in La Crosse for some time, and the one that was awarded the first prize of 25,000 francs at the Cinematograph exposition held in Turin, Italy, in competition with all of the manufacturers of foreign motion pictures, is being shown at the Lyric theatre today and tomorrow, entitled "The Golden Wedding." The most realistic battle scenes ever conceived are shown, with regiment upon regiment of soldiers engaged. The Italian Zouaves make a charge into the center of the foe, which will bring an audience to its feet in enthusiasm.

BOYD TALKS TO EPWORTH LEAGUE

The Epworth league of the German Methodist church held its monthly business meeting at the Sunday school room last evening. Just before the business meeting Mr. S. A. Boyd, of the Y. M. C. A., gave a brief talk on history and impression of the Passion Play, which was presented in a forceful manner. Many good impressions of the great play were left on all who heard it.

CAVALRY PATROLS MEXICAN BORDER

SAN ANTONIO, Tex., Nov. 22.—Equipped with forage and provisions for thirty days, Troop M, Third United States cavalry, left here today for the border, there to aid Troop I of the same regiment in patrolling the frontier and preventing a possible anti-Madero uprising on this side of the boundary. In addition to these detachments of federal troops, the Texas coast artillery, a state military organization, is preparing for duty as infantry, following advice from Austin that the entire national guard of the state may be called out for border duty. All the troops, regulars and militia, will be under the direction of Brigadier-General Joseph W. Duncan, who has taken command of the frontier and will direct operations there.

QUEER NAMES FOR HORSES

John-Willie-Come-On and Would-You-Believe-It Samples of Equine Nomenclature.

How much truth there is in the story I know not, but it is told that when Captain Boyd told Lady Lillian that he had bought a yearling she replied, "What a senseless thing to do." "Senseless! Good," reiterated the captain, and forthwith gave the colt that name. It was appropriate, for this good-looking gray horse, which now belongs to Major McLaughlin, is by "Grey Leg," and out of a mare called "Senses."

There are some owners who have considerable difficulty in naming their race-horses, and it is said of the late Earl of Glasgow that his friends had quite a task to get him to christen them. The teary Earl used to say that a horse should prove itself worth a name before one was given to it.

One evening he was induced to christen three, and the following were the names under which they ran: "Give-Him-a-Name," "He-Hasn't-Got-a-Name," "He-Isn't-Worth-a-Name."

There are not a few horses which have run in recent years with equally foolish and much more meaningless nomenclature. For instance, "John-Willie-Come-On" and "Would-You-Believe-It." There ought to be a censor of racing nomenclature, for some of the titles chosen for horses detract from the dignity of the sport.—Gentlewoman.

FINANCIAL PLAN TO AID FARMERS

Brown Declares National Reserve Bankers' Association Would Help Move Crops

WOULD BRING BIG PROFITS

Says Agriculture Is Basis of All Real Prosperity; Farmer Entitled to a Share

NEW ORLEANS, La., Nov. 22.—Asserting that the American farmer was creating wealth at the rate of \$25,000,000 a day, and that he, above all others, needed the benefit of some financial system that would leave him a margin of profit after the making and marketing of his crop, Joseph G. Brown, president of the Citizens' National bank of Raleigh, N. C., today told delegates to the American Bankers' association what he considered the needs of the farm, and how the farmer would be benefited by the national reserve association proposed by former Senator Nelson W. Aldrich.

"Back of all commerce, banking, manufacturing and all other industries, lies agriculture as the real basis of prosperity," said Brown. "No financial system can be effective that does not embrace in its scope the needs of agricultural sections."

"There must be some system of finance by which the farmer may not only obtain funds to make his crop, but may also be sure of facilities for marketing or holding it after it is made, so as to get himself a fair share of the profits of his labor. Under the present system he is forced too often to sell under most unfavorable conditions."

The reserve association, Brown said, would, by a union of forces, strengthen the courage of the country banker, through whom the farmer must obtain funds for the making of his crop and at the same time keep open the markets through which the crop is converted into cash.

"Whether the small country banker becomes a member of the reserve association or not, he cannot fail to enjoy the benefits of it because of reserve correspondents, having themselves an unfailing source of supply," said Brown.

WARM TIME IN LABOR CONVENTION

ATLANTA, Ga., Nov. 22.—The convention of the A. F. of L. was thrown into an uproar this afternoon when John Mitchell, former president of the United Miners, charged that the miners' convention was packed by use of fraudulent credentials, when the miners forced him to resign from the National Civic federation. Secretary Duncan McDonald of the Illinois miners demanded that Mitchell submit proof of his charges to the next convention of miners, and Mitchell promised to do so.

The trouble arose from the adverse report of the committee on a resolution demanding that all the officials of the American Federation of Labor resign from the Civic federation. McDonald made a bitter attack on the Civic federation and the Steel trust.

BUYS INTEREST IN FIRM

L. H. White has bought a half interest in the undertaking establishment of Ole Elbertson, 320 South Fourth street, and the new firm will conduct parlors in that place under the name of Elbertson & White.

Mr. White has had a great deal of experience in the undertaking business, he having conducted an establishment of this kind in Madison, S. D., for some time. The new firm will be ready to answer calls at all times as in the past.

TO PROCEED WITH WELL SYSTEM

preferred to that of your own city engineer."

Marvin talked for it, Downs opposed it and Kroner wanted more tests.

Mayor Makes Appeal
Mayor Dengler at this time left the chair and addressed the council. His talk was an appeal for the adoption of the report favoring the continuation of the plans for the well system.

"It is a duty we owe our people to furnish them with pure water," declared the mayor. "There has been talk that this is politics with me, that I will get the honor for the new system. That is not so, it's the council and all I want to see is the installation of this system that promises to furnish a pure and adequate supply."

Haven't Kept Faith
Roellig followed the mayor with explanations that the river and well waters had no particularly different effects upon boilers and cited the fact that the sedimentation proposition was killed by the people, three to one, when it was left to a referendum five years ago. He referred to the agreement entered into by the water factions—to abide by the decision of the rate commission, and charged that some of them had not kept faith.

Alderman Schultz explained why he was going to vote for it and Torrance secured the floor again.

"There is an almighty power in the city of La Crosse pushing for a well system," he shouted. "It seems

to be the sentiment that we'll take the wells or have them rammed down our throats."

Tired of Slurs

At this juncture Alderman Smith jumped to his feet and shouted that "when a man stoops to cast slurs and reflections on other officers I lose faith in him." He then reviewed the attitude of City Engineer Bradish when the special water committee was in session over his protest. He told of Maltby's direct answers to questions and maintained that Bradish admitted at that committee meeting that "I don't know anything about water."

Smith took occasion to riddle the standing of some of the anti-well experts who have been cited during the wrangle and maintained that "Walter Wood's expert (who opposed the well system) was selling filtration plants."

Passed, 13 to 8

Alderman Tarbox expressed his disgust at the "beating around the bush" following which the vote was taken and the report of the committee adopted. The votes were as follows: Ayes: Bartl, Bedesem, Casberg, Granke, Houska, Mahoney, Marvin, Neumann, Roellig, H. J. Roth, Schultz, Smith and Tarbox. Nays: Collins, Downs, Kohn, Kroner, Roth, Rybold, Schneeberger and Torrance. Ayes, 13; nays, 8.

Following the adoption of the report Alderman Mahoney's resolution, asking that the rate commission be requested to make a more specific order in the La Crosse case was carried.

Adopt Budget

The city budget for 1912, as prepared by City Comptroller William J. Fries, was unanimously adopted. The tax rate for next year will be 21 mills. The budget follows:

Police	\$24,000.00
Fire	51,000.00
Bridges	6,500.00
Public highways	2,000.00
Grounds and buildings	2,000.00
Water	18,000.00
Lights	16,300.00
Scales	2,500.00
Baths	500.00
Sewers	1,500.00
Health	4,000.00
Engineering	20,500.00
Salaries	10,000.00
Parks	10,000.00
Current expense and printing	16,840.00
Total	\$200,440.00

Interest on bonds	52,735.00

State and county tax	144,708.30
Schools	98,000.00
Public library	6,000.00
Total	\$589,408.30

Total assessed valuation as furnished by tax commissioner \$22,129,684.00. Said amount at 21 mills amounts to \$464,723.36. Estimated income 104,685.00.

EXTRA PAY FOR CLERK
City Clerk Hoffman was allowed \$200 for extra clerk hire in compiling the tax roll for the coming year.

Alderman George Marvin's proposition to raise the liquor license from \$250 to \$500 was killed, following an adverse report by the liquor and finance committees. A change in the city charter would be necessary to raise the license, it is claimed.

CHANGE RULE ON AWARDED OF "W"

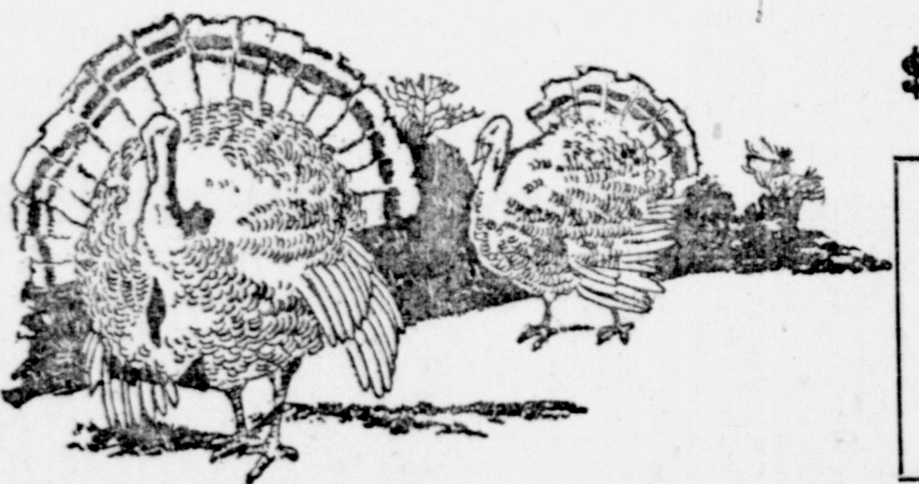

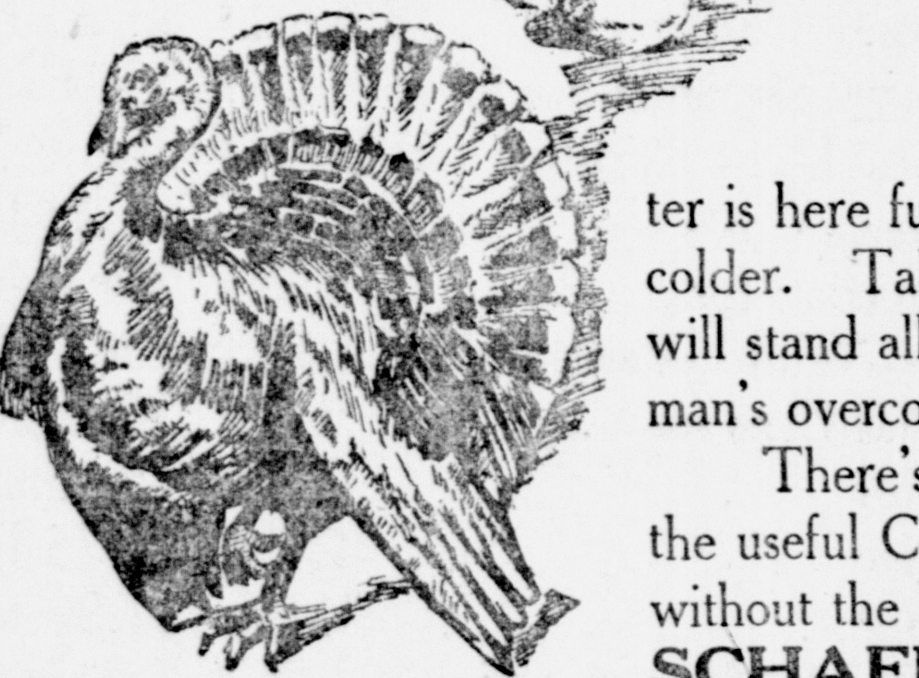

Must Play Full Conference Game, or Part of Championship Game in the Future

MADISON, Wis., Nov. 22.—The athletic council of the university of Wisconsin took action last night changing the rules under which the official "W" is awarded to football players. Hereafter a man must play in one-half of each of two conference games or one whole game of that class. Or if he plays only one minute in a championship game he is entitled to his "W." Men to win the "W" this year are Hoeftel, Roberts, Mackmiller, Neprud, Chambers, Branstad, Buser, Ostle, Lang, Butler, Moll, Gillette, Tanberg, Bright, Van Riper, Pollock and Samp.

It is understood that "Eddie" Gillette is in the running for captain of the Badgers next year. Hoeftel is the only other candidate mentioned.

The team was occupied with the freshmen on the ice at Camp Randall yesterday afternoon, being put through a lively swimish. The gates as usual were closed.

DAHLGREN MAKES ALL-STATE TEAM

Ripon Athletic Director Speaks Highly of La Crosse Athlete, Given State Honors

Swede Dahlgren, former star on the local high school football team and conceded to be the best all around athlete ever produced at the local school, has been chosen as tackle on the all-state team picked by W. L. Smith, athletic director of Ripon college.

In speaking of Dahlgren's claim to the place Mr. Smith says: "Finnegan of Ripon and Dahlgren of Beloit are easily the best tackles in the state. Dahlgren is one of the men who stand out as one of the bulwarks of his team. His punting alone would give him a consideration for the place and his handling of the forward pass is equally good."

Dahlgren has been the big factor in placing Beloit on the football map during the present season and he has won a reputation throughout the state as a sure candidate for state honors.

Following is the all-state team as picked by Smith: Roberts, Lawrence, center. Fruth, Ripon, guard. Fullerton, Beloit, guard. Dahlgren, Beloit, tackle. Finnegan, Ripon, tackle. Johnson, Lawrence, end. Wolfe (Capt.), Beloit, end. Wiley, Lawrence, quarterback. Landing, Beloit, right halfback. E. Tippet, Lawrence, left halfback. Choate, Ripon, fullback.

MINNEAPOLIS, Minn., Nov. 22.—Wrestling his first match as an American citizen, Henry Ordeaman last night defeated Charley Cutler of Chicago in straight falls. The first fall came in 1:04:50, and the second in 8:55.

Ordeaman, who took out his second papers just before the match, was the aggressor throughout, Cutler appearing to be overweight and to tire easily.

Ordeaman, who is now negotiating for matches with Jens Pederson, Ivan Romanoff, or Paul Samson, three other prominent foreign wrestlers now in this country so that he may demonstrate his right to recognition as the most worthy foe for the present champion.

SEASON IS ALMOST OVER FOR GOPHERS

MINNEAPOLIS, Minn., Nov. 22.—With a short scrimmage this afternoon, the Minnesota football eleven will wind up the year's work on Northrop field. This decision was reached by the coaches last night, fearing further work on the frozen field would injure the players.

The team leaves tonight at 8 o'clock for Chicago, where they stop for a few hours on their way to Bloomington, Ill., for final practice for the game with Illinois Saturday.

CHICAGO TEAM IS OPTIMISTIC

CHICAGO, Nov. 22.—What Coach Stagg described as the "best practice Chicago had ever had," yesterday afternoon, gave a feeling of optimism at the Midway today that Wisconsin had better look to her laurels on Saturday. The varsity is being trained especially in the defensive and so far has smashed all the Wisconsin formations utilized by the scrubs.

Kennedy, who was the most consistent ground gainer for the Maroons in the Cornell game, will start the Wisconsin battle at left halfback.

CRAMP NEARLY CAUSES DEATH

Lady in Board Camp, Attacked by Cramp, Says She Felt as if She Were Dead

Board Camp, Ark.—"When I was just fifteen years old," says Mrs. Virgie Bain, of this place, "I suffered awfully with a cramp in my stomach, about once a month, and I had a dead feeling, all the time—no life to do anything."

"I took two bottles of Cardui, and I felt like a different person. I had tried all kinds of medicine for over a year but not a thing helped me, until I took Cardui."

"A short time ago, I suffered again. I would ache and hurt, till I couldn't stand on my feet a minute to do my work. My back ached and my head hurt all the time."

"I was glad I knew about Cardui! I took three bottles, and now I never have any ache or pain, and I am cheerful and happy."

If you have wondered where you could find a remedy to ease your pain and relieve the torment which goes with so many forms of womanly trouble—here is your answer!

Take Cardui the woman's tonic, and be relieved, as Mrs. Bain was. Cardui is just the medicine every woman needs, to help her over her womanly troubles.

Try Cardui.

SEED OF FORTUNE HAS HARD LUCK

"Bill" Sutter Has Doubts whether His Indian Plant Will Ever Grow

"While there is life there is hope. Let us hope there is life," said "Bill" Sutter yesterday as he carefully patted the earth down on the seed that is expected to grow into a plant which will bring fortune to him.

"But if ever a fellow had hard luck trying to have good luck, that fellow is me," he continued. "First my friend, Palmer, who brought the seed with him from India where he managed to earn the gratitude of an Indian priest by saving his life and received the magic seed as a reward, forgot it in his pocket for over a year, thereby probably spoiling what little chance it ever had of growing. Next some blamed postoffice clerk hit it a belt with his stamp and almost made meal out of it. And on top of all this I have had to dig the blamed thing up about twenty times to prove to my inquisitive friends that there really is such a seed."

"If it grows at all it will be sure enough proof that I have something coming." About this time a speculative expression stole over his face and as he walked away he could be heard muttering about whether he would get a Pierce-Arrow touring car or a Packard seven passenger.

It is said that "Bill" is so wrapped up in his seed that he carries the pot that it is planted in, home with him every night for fear that somebody will "lift" his "good fortune" when he is not looking.

NOVELTY DANCERS TO FEATURE BILL

"Dettmar Troupe" Secured for Last Half Week Show at the Majestic

THREE DIXIE GIRLS CLEVER

While Fisher & Green Have a Genuine Comedy, and Fred Risenhall Has Bunch of Fun

The new bill at the Majestic theater, which opens at the Thursday matinee, is to be featured by the Dettmar Troupe, or novelty and burlesque singers and dancers. The troupe is composed of three ladies and gentleman who have but recently entered the American vaudeville field after scoring unprecedented success in European playhouses.

The Three Dixie girls are clever Misses who have the ability to entertain. They have voices that are possessed only by a few and their act is replete with clever wit, catchy songs and good dances.

The "Prima Donna" is the title of McGrath and Yodon's sketch, which will appear the last half of the week, and is an interesting piece from the rise to the fall of the curtain. This act has been playing in all of the larger cities and the men-

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back the Natural Color

"Pull out one gray hair and a dozen will take its place," is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Sold and recommended by O. T. Erhart, 518 Main street.

tion it has received in the press of the country has been highly complimentary.

Fisher and Green are here this year in a clever sketch entitled "On Account of the Subway." It is a piece in many ways a true picture of life in New York. The subway jams are the excuse of more than one gay New Yorker for failing to arrive home on time and the clever manner in which the sketch has been woven around this excuse is highly entertaining.

Good comedy is always acceptable and many critics claim it is taking the place of drama all over the world. Fred Risenhall has taken advantage of the critic's "tip" and has worked up a twenty minute sketch that is a riot of fun and laughter.

NEW JAIL FOR

ALMA IS PLAN

ALMA, Wis., Nov. 22.—(Special.)—A new \$15,000 county jail is in prospect for Buffalo county, following the action of the county board of supervisors, which closed its session here Monday. The jail here was recently condemned by the state board of control as unsanitary and unsafe. Several prisoners have escaped within the last few years, owing to the inadequacy of the precautions for guarding them.

Grain Letter

CHICAGO, Nov. 22.—Bearing cable news depressed the wheat market slightly at the opening today, but reacted partially a little later.

The principal cause for a later bulge was the wheat report of the Rome agricultural institute, estimating that the world's production of wheat was below that of 1910, and smaller than had been expected this year.

The market strengthened after this. Corn was rather firm in sympathy with wheat. The forecast for rains over most of the corn belt tonight also helped strengthen the market.

A firm undertone was exhibited in the market for oats. Most of the locals were inclined to the buying side, on account of the strength in other grains.

Trade in provisions was active, and the market exhibited a firm undertone.

**BIG SENSATION
FOR NEXT WEEK**

The Only Woman in the World Who Loops-the-Loop to Be at Majestic Seven Days

ARRANGEMENTS TAKE WEEK

Is Here Now Erecting the Coaster Over which She Takes Remarkable Death-defying Shoot

What is without a doubt the most thrilling, awe-inspiring and death-defying feat ever attempted on an American stage is booked for the Majestic next week when the world renowned Carlotta, the only woman in the world to loop-the-loop, will open a week's engagement here.

Some idea of the danger to be encountered and the care necessary to the preliminary arrangements, can be secured when it is known that it takes a week to erect the loop and scaffolding used in this act.

Carlotta, with her mechanicians, arrived in La Crosse today to start the preliminary work for the big act which will be put on for the first time at the Sunday matinee. Carlotta shows one week and lays off the next to enable her to get her apparatus in shape to prevent chances of injury.

In shipping her baggage from town to town Carlotta uses a special car and as it would be a great expense to send the excess by express, fast freight is used.

In setting up the loop as much care is used as a jeweler exerts in placing the parts of the finest watch together. A misplaced bolt or a loose strap would be certain to result in serious injury and perhaps death to the performer.

Securing the act for an entire week in La Crosse represents an enormous outlay of money on the part of this wonderful woman's time is paid management, in fact two weeks of for by the Majestic—one week it takes to erect the apparatus and the other week she spends in performing.

Loop-the-loop acts are considered extremely dangerous when performed in the open, where there is plenty of room, but to attempt it on an ordinary stage is nothing short of a flirtation with death.

HUNTER; FENCE; FUNERAL

FOND DU LAC, Wis., Nov. 22.—Stanley Nowak, 17, hunting rabbits, dragged his gun muzzle first while crawling through a barbed wire fence. Arrangements for the funeral are being made.

Low neck dresses are not in good form, but a god form is usually in a low neck dress.

A woman has such an imagination she can make herself think she is almost younger than her daughter.

W. B. U. NOTES

A real fire drill has been inaugurated and by the end of this week it will take about two minutes to empty the entire building of nearly three hundred students; about two and one-half minutes if they take their wraps.

The basketball team is hard at work and a fast team is expected. Many games have already been arranged for.

The Thanksgiving dance which will be given in the Assembly hall Tuesday, November 28th, will be given by the old students and another happy time is anticipated. Every old W. B. U. student is invited.

Mr. Doerflinger's talk Friday afternoon was a happy combination of fun and good hard business sense, and he drove home some facts which will be of great benefit to young people entering business life.

The winter term begins Monday, December 4th, and students entering on that date can easily be prepared for a position by May. This opening will take every remaining available seat in the school.

ARMY CONFIDENT

WEST POINT, N. Y., Nov. 22.—With the entire army squad in splendid physical condition, the hopes of the Cadets today are high for defeat of Navy on Franklin field in Philadelphia next Saturday. The team will go to Philadelphia Friday, while the Cadet corps will follow on a special train Saturday morning. There will be no more hard work for the players before the Navy game.

PRAIRIE DU CHIEN BANK

WASHINGTON, Nov. 22.—Postal savings banks will be established December 18 at Prairie du Chien and Walworth, Wis.

**WOMAN ACCUSED
OF CHILD MURDER**

Alleged to Have Given a Green Bay Girl Poisoned Candy; May Be Insane

GREEN BAY, Wis., Nov. 22.—Miss Nettie Christensen, 28 years of age, of Suring, Oconto county, has been arrested by Sheriff Burns, and charged with causing the death of Hilda Nelson, aged 7 years, on February 3, 1910. It is alleged that the woman fed the little girl poisoned candy. The child died in convulsions.

Miss Christensen waived preliminary examination and will be held to the next term of court. She stoutly denies having had any part in the death of the Nelson girl.

It is said that an effort is to be made to have the woman examined for her sanity before her trial, as several of her neighbors and close friends say that her mind is deranged and cite numerous instances to support their claims.

It is said that a paper bag containing candy was found on the doorstep of the Nelson home by two dressmakers who lived there. These dressmakers supposed that it was intended for the Nelson children, it is said, so they did not touch it. Later the children came into possession of the alleged poisonous sweets and ate of it. The girl died a short time later, it is said, but the life of the 5 year old boy was saved by physicians.

It is now believed by Oconto county authorities that the candy was not originally intended for the Nelson children.
